THE CLASS

20 YEARS AFTER---1942

Our 1942 Class Reunion was a huge success as everyone (450, that is) who attended knows. It was well worth all the effort involved. We had our first meeting in November, 1961 and sent out our first letter in January, 1962. Everyone who was asked to help did so with such enthusiasm that I knew it couldn't fail. Special thanks to Miss Ernestine Opie and Mr. Jess Matthews for their wholehearted cooperation.

On the big day, Saturday, June 23, things got underway with registration beginning at 2:30. All the forms and letters from everyone were posted on the walls of the Field House and people spent much of their time reading these and meeting and visiting with old acquaintances and their spouses.

We had a box supper at 6:00 in the cafeteria. Times really have changed in 20 years! Not only were there coke boxes in the cafeteria, but I understand that they also have a smoker for students. How many of you had to stay after school for being caught smoking on the grounds or going to the drug store for a coke?

The highlight of the evening, of course, was the program. Betty Hunter Fowler and John Pounders really did a fine job, and who could ask for a better M. C. than Earl Bowman? The A Capella choir, 30 strong, led by Mrs. Settle sang several songs. Part of the marching band (those who could still march) demonstrated their ability. Our football boys were well represented and five cheer leaders led us in some of the old familiar yells (we couldn't help but notice, however, that they weren't so agile after 20 years). We were especially pleased that 23 of our teachers were in attendance.

And for glamour we had the "Seagram Belles--Aged 20 Years," our 9-girl chorus line. They all worked long and hard on the routine and suffered many aches and pains in the process but the result was truly

professional-looking.

John Larson, who came from Illinois, made a short speech... This brought back many memories of his most respected father and our Principal, the late John Larson, Sr. Jim Crafton, Class President, also came from Illinois and addressed the Class briefly (all but one of our class officers were present).

Mrs. Harris directed a portion of the Senior play using most of the original cast.

Several prizes were also presented. Tiny Riegler Richardson had no opposition for having the most children -- 6 in all. Milton Barrett won the "Who is the Baldest" contest going away. Mary Ann Kinsworthy Wilson, who came all the way from Oregon, was recipient of our traveling prize. We closed the program by singing "Hail to the Old Gold."

To top off the evening, we then returned to the Field House for a dance. Music, of course, was by Tommy Scott's Orchestra... mostly 1942 tunes that we could dance to. Everyone seems to have had a ball! Lights out sounded at midnight (after all, we are 20 years older) and everyone headed for home, tired but happy.

After all our expenses have been paid, we anticipate having about \$200 left which we are going to donate to Little Rock Central for a scholarship on behalf of the Class of 1942.

Thanks again to all the people who made this reunion the best ever and without whose help it would not have been possible.

THE ONES I KNEW IN FORTY-TWO

Long ago I asked a question
As I looked into their face,
"What is it about their nature
That attracts me to their place?
What's the secret of their Spirit,
What's the answer to their Cheer?
How may I become more like them..
Will it take a day or year?"

Years have passed since this I wondered,
Time has done what else could not . . .
I have learned what made them Worthy,
And I learned what made me Not
They had Honor, Faith and Purpose . .
I had nought but Selfish urge -
They desired to be of Service,
In their Hearts was Nobler surge.

I could Read it in their Faces . .
I could Tell it in their Walk,
I sweet Saw it in their Smiling...
I kind Felt it in their Talk. .
They were young but they were Wiser,
They had learned the Way of Life
They knew how to make things Happy
and by-pass its Stress and Strife.

I could tell they were Enlightened
With a Wisdom I scarce knew
Such don't come from Books and Learning,
It derives from Pulpit..Pew...
That's the Basis for TRUE Living,
That's the most Important Fact...
Man must serve his Great Creator..
It is HE who rules each Act.

Oh, they had much Common knowledge
And could do their lessons well,
But the PLAINEST truth they carried
Was a touch of Heaven's spell. .
In their Hearts one could sense DUTY..
In their Smile one could see LOVE,
By their Loyalty, one could see GOODNESS,
All these ... traits of the ABOVE.

Oft I've wondered how they've turned out..
Have they been a true SUCCESS?
Are Life's Masters now contented?
Though they've MORE or maybe LESS--
Of THIS Group I've ceased to wonder..
I am sure of THEIR outcome. . .
They can meet Life's many Fortunes,
Because they knew of Living's HOME.

WELL, IT IS!

NOW YOU MAY
THINK THIS IS
THE END

GRIN AND BEAR IT

By Lichty

"I'd like one of your showy jobs with a chauffeur for the week end! . . . Hope to make quite a splash at my first class reunion!"

YOUR TEACHERS

Did you ever thank your teachers
For the lessons they have taught?
Not just things of Math or History,
But of Living as we ought..
Oh, for sure we have to use these
To obtain our Body's bread,
But there's more to Human Nature
Than just being clothed and fed.

Some folks think the only reason
For a Teacher's cunning ways
Is to trap an idle student
And insult him all his days
For some lessons, they are Stubborn
And we oft can't see the use,
But a prudent, kindly Teacher
Can explain the senseless ruse.

I remember old Miss Murphy
With her stern, profoundly look...
She could scold you with a Scripture..
She could LOVE you with a book..
There was, too, Miss Emily Penton..
She knew "Beard" from End to End,
But I'll bet if folks just knew it,
Students had no better friend.

Did you learn from Mr. Ivy
How to prove a Square's a Square?
Or do you the MOST remember
That he proved that LOVE was there...
There are OTHERS I could mention
Who conveyed the same sweet Thought
They were Masters of their Lessons,
But that's just HALF of what they taught.

Life's not all a Case of FIGURES...
It's far more a friendly TRADE..
We can't say we're Educated
Till we find how Life is made
We don't need to earn a Fortune..
We don't need to win a Prize..
We just need to learn Compassion
And Concern for Other Guys.

Yes, dear Teachers, you Succeeded
In your task, the Seed you've sown
We, your students, are persuaded
LOVE'S our job when we are Grown
What gain we by Gold or Silver
If our heart's stay cold as Steel?
Time has taught Man serves Each Other..
That is LIVING..that's how we feel.
